

To Whom It May Concern:

My name is Gay Glazier and I am the Marketing Manager at Strahman Valves, Inc. in Florham Park, New Jersey. Over the past several months, I have had the privilege to work with Toto Tasso on our NEW Web site project and several website related projects. He has done an exceptional job.

I have found Toto's work to be creative, practical, strategic, on budget and on time. Strahman Valves needed a new web site to better communicate our company image and products. Toto questioned us on our web site objectives; our image and our competitors-then provided us with several creative solutions. He created our web site with options of growing with our business. Every step of the process, Toto provided technical recommendations and guidance in terms I could understand. He reviewed our budget on an on-going basis and was able to deliver Strahman's great new web site on budget and on time.

Strahman is moving forward on Phase 2 with our Web site with the continued help from Toto Tasso. It is a difficult task to develop a web site and you need someone who not only has the technical expertise but the ability to understand your business. Toto Tasso and the crew at Isite5 are the right group for you.

If you have any questions, please do not hesitate to call me directly at 973-408-6923.

Regards,
Gay Glazier
